Past Events

JetBlue Fined ~~\$24,300~~ **\$30,300** for September Noise Violations

Last Friday, we posted the JetBlue September fine totals that did not include September 30th. We had no way of knowing that JetBlue was about to conduct four operations after the 10:00 pm curfew. One of the operations was after 11:00 pm, so the fine total for the last day of the month was \$6,000. That increased the fine total to \$30,300 for September. The chart below shows all the totals for the quarter.

Month	10:00 pm - 11:00 pm	11:00 pm - 7:00 am	Total	Fines
July	21	11	32	\$48,000
August	21	21	42	\$54,000
September	13	8	21	\$30,300
2016 Total	186	104	290	\$435,600
<i>Monthly Avg.</i>	<i>20.7</i>	<i>11.6</i>	<i>31.2</i>	<i>\$48,400</i>

Long Beach Serves: First Saturday Stewards at the Nature Center

Last Saturday, about 30 volunteers came out to the El Dorado Nature Center to participate in First Saturday Stewards. This volunteer opportunity was part of Long Beach Serves, a 22-day campaign to encourage volunteerism in the city. We helped pull weeds, pruned trees and organized materials for the new nursery coming to the Nature Center. Thank you to all the volunteers and the El Dorado Nature Center Staff for making this event a complete success.

Proposed RV Ordinance Coming Back to Council

Tuesday night, City Council considered a recommendation to request staff to draft a citywide ordinance restricting oversized and recreational vehicles.

The revised, approved motion instead directs the City Attorney and the City Manager's office, specifically the Department of Public Works, to prepare a study/report for the City Council that would look at a number of issues including:

- Commercial corridor ban;
- Definition of oversized vehicles;
- Application at service or access roads;
- Prohibited parking in front of businesses;
- Definition of commercial corridors;
- Coastal zone permits and plan impacts;
- Pilot program options;
- Number of hours increasing in front of residences from 48 to 72;
- Possible tools to allow for parking in front of residential houses;
- Different number of hours in front of businesses;
- Public safety element of illegal dumping; and
- Noticing requirements to implement.

Tichenor Orthopedic Clinic 90th Anniversary

Tichenor Orthopedic Clinic for Children, located on Termino Ave next to Community Hospital, is celebrating this 90th anniversary this year. The Clinic's history begins with the influential civic leader and philanthropist, Adelaide Tichenor. Based on personal experience, she was a firm believer in the treatment of orthopedic problems during childhood. Her dream to help children with chronic orthopedic disabilities, regardless of their ability to pay, was realized with the opening of the Tichenor Orthopedic Clinic for Children in 1926. I look forward to celebrating with them next week!
